

A performance comparison of search trees

Schedule

Przemysław Rosiński
Piotr Janaszek

Faculty of Mathematics and Information Science
Warsaw University of Technology

20 October 2011

Week		Part	Description
1	17.10.2011 - 23.10.2011	Planning	Preparing program architecture and designing user interface
2	24.10.2011 - 30.10.2011		Creating technical analysis
3	31.10.2011 - 6.11.2011	Application developing	Creating library and implementing search algorithms
4	7.11.2011 - 13.11.2011		
5	14.11.2011 - 20.11.2011		
6	21.11.2011 - 27.11.2011		Creating user interface
7	28.11.2011 - 4.12.2011	Program testing	Performing tests of application job and checking execution results
8	5.12.2011 - 11.12.2011	Application developing	Correcting mistakes and errors found during program testing
9	12.12.2011 - 18.12.2011	Performing statistics	Creating statistical summary and visualization of sample results
10	19.12.2011 - 25.12.2011	Creating documentation	Delivery of manuals and user guide
11	26.12.2011 - 1.01.2011	Final corrections	Making cosmetic changes and corrections
